# MacBook

Just \$999, MacBook has everything you need to do everything you need and keep up with your mobile lifestyle. Advanced NVIDIA graphics provide outstanding performance for 3D games and graphics-intensive applications. The fast Intel Core 2 Duo processor and 2GB of memory standard give you more than enough horsepower to get the job done. The 120GB hard drive provides plenty of storage, and the built-in SuperDrive burns both CDs and DVDs. Stay connected wherever you go with built-in AirPort Extreme 802.11n Wi-Fi. Video chat using the built-in iSight camera.

At 1.08 inches thin and 5 pounds, it tucks right into your bag or backpack and puts a world of advanced features within your reach. And since MacBook is sure to become your constant companion, a durable white polycarbonate shell keeps it ready for the rough and tumble of everyday life.
